

## HVAC-R Advisory Meeting

West-MEC Home Office  
5487 North 99<sup>th</sup> Avenue  
Glendale, AZ. 85305

**April 30th 2014, 3:00pm**

### Agenda

- Equipment - Purchase/Donations – update – George will contact one other contractor for any other donations. All other items complete
- Training Aids – Arizona Restaurant Supply – Questions on refrigerant used in these units? It appears it is 134A; FRANK will follow up on all items purchased?
- Training Aids - Imperial, Review and consensus – committee would like pricing on 4 units from Hampden for comparison, pertaining to Trainers also Instructor input.
- Tooling – update – Tools are ordered, FRANK needs to follow up and check hand bag tools and tool room sets are both ordered?
- Meters and Gauges, Review and Consensus – Approved Snap-on box with the exception of the 3 items that pertain to fluids, since we no longer have a chiller. Also instructor discussion on tool box, electronic meters and Gauges for refrigerant. Possibly 10 - 410 sets and 10 – 134a sets
- Instructor – Ross Rector – Ross (other responsibilities) could not make it to the meeting. Will be at next meeting.
- All other concerns? – Spoke about NCCER and the accredited training process, Also Nate certification.
- Next meeting date? – June 3<sup>rd</sup> @ 3:00
